Peek Inside the Book

Suddenly exhausted, she closes her eyes and slips into nightmares again. Graveyards rising out of the ocean. Her friends corpses in the light of their burning school. Skeletons ripping open men's chests and crawling inside. She endures it patiently, waiting for the horror film to end and the theater to go dark, those precious few hours of blackout that are her only respite. Isaac Marion, The New Hunger //

4.5 stars This was great! I even liked it more than Warm Bodies.. Now I'm really looking forward to the actual sequel.
